# A VITAL REASON!

Why smokers of Sun Harmon Cigars prefer the

**"Thomas Jefferson"**

Brand of clear Harmon Cigars to imported at the same price:

The duty on Cuban-made Cigars is so much greater than the duty on the same Tobacco in the Leaf that smokers pay on the average $6.00 per hundred more for an Imported Cigar than they do for the

**"Thomas Jefferson"**

Brand of Cigars, also quality and workmanship considered.

**To Illustrate:**

The duty on a Cuban-made Cigar weighing 3½ lbs. to the thousand, COMPARED with the duty on Tobacco in the Leaf made into Cigars in this country.

REFER TO THIS RESULT:

Duty on Cigars made in Cuba, per thousand ..... $[illegible]

Duty on Tobacco in the leaf per lb. ..... $[illegible]

Difference ..... $[illegible]

Duty on clear Tobacco sufficient for thousand Cigars ..... $[illegible]

Making an actual tax per thousand in favor of the Cigars made in Cuba ..... $[illegible]

Duty on actual Cigars thousand lb. ..... $[illegible]

Making an actual tax per thousand in favor of the Cigars made in Cuba ..... $[illegible]

Duty on actual Cigars thousand lb. ..... $[illegible]

Making an actual tax per thousand in favor of the Cigars made in Cuba ..... $[illegible]

Our trial of the Thomas Jefferson Cigar will convince the most skeptical as to the truth of our statements. Being the sole "Importers" of the above brand we shall guarantee the quality and workmanship, and have authorized all dealers to refund the money on all Cigars that are not satisfactory.
